PUBLIC HEALTH FORUM

FESTIVAL OF PUBLIC HEALTH WORK

INAUGURAL LECTURE BY PROFESSOR LINDSEY DAVIES, CBE, FFPH, FRCP - PRESIDENT OF THE FACULTY OF PUBLIC HEALTH

The Public Health Forum is holding a meeting featuring a range of work carried out by those working in public health in the North West. The meeting is intended as a stimulus to public health working. It includes displays, presentations and discussions around the work, and a chance to network with others in public health. Those selected to present their work will also receive a commemorative certificate which can be included in their professional portfolio.

We welcome projects from public health, health promotion, academic departments and others involved in wider public health work. The next such meeting will be on Monday 2nd July 2012. If you would like to display and present a piece of work, please send us a brief summary describing it.
