DIRECTIONS & PARKING Liverpool Medical Institution

From M62 (Liverpool) follow town centre signs, and then University signs, leading to Hope Street, the main through-fare between the two Cathedrals. The Medical Institution is situated across the road from the Roman Catholic Cathedral, at the corner of Hope Street and Mount Pleasant.

Car Parking

The LMI has its own small car park at the rear of the building (Behind the Lloyds Bank). Places here are on a first come first served basis. Should parking not be available there are a number of car parks near to the LMI.

The University of Liverpool has two visitors car parks. The first is situated at the rear of the University Sports Centre (entrance via Mount Pleasant) and the second is at Bedford House (entrance via Cambridge Street) - see separate map and direction sheet.
